Strength, Quality & Safety... Only **Naizil**®.

Naizil vinyls are antimicrobial and repel the bacteria that cause odor and damage.

Because Naizil wants to ensure safety, all of our vinyls are lead-free and meet or exceed state fire retardant requirements.

Naizil products feature rugged durable construction you can trust and depend on. All available 16 colors meet NRPA 701 large scale and California administrative code, Title 19. Our vinyls have excellent U.V. and anti mildew protection with high abrasion resistance to ensure long wear and dependability.

You'll find Naizil vinyls in the finest inflatables on the market from companies such as Cutting Edge Creations, Inc., and i-Bounce.

Other vinyl companies

Naizil Vinyl

Unlike other vinyl producers, we use a weft substrate which helps stop rips, tears, and cuts from expanding.
